

ACTIVITY MASTER #TE2

Tradition Interview

Various Church traditions are a very important part of our sacramental life. Below you will find symbols that represent each of the seven sacraments.

Identify which sacrament the symbol stands for. Then, in each picture, write one or two words that describe the customs and practices surrounding the sacrament that you experienced.

You may have no memory or experience of some of the sacraments, so talk with your parents or guardian, with aunts and uncles, with older sisters and brothers, and with your parish priest or deacon.

Record one or two words in (or next to) the respective symbols from your conversations with others.

Be prepared to share your interview with the class.
