

ACTIVITY MASTER #TE18

Extraordinary Ordinary Time!

You remember “ordinal numbers” from math class. They’re the numbers we use to count. The word *ordinary* comes from the same root as “ordinal”—the Latin word *ordinus*, which means “number.”

Do some research on Ordinary Time using the questions below. You can find the answers in your parish. Check last Sunday’s bulletin. Find a Catholic Calendar (you might have one at home). If your parish uses a missalette or a printed worship aid, find one from last Sunday.

Today’s Date _____ Last Sunday’s Date _____

We are Currently in: (circle one)

ADVENT THE CHRISTMAS SEASON ORDINARY TIME LENT THE EASTER SEASON
